

NEW: EASY GLASS® VIEW

THE INVISIBLE JULIET BALCONY

UNINTERRUPTED VIEW

YOU WILL HARDLY NOTICE THE JULIET BALCONY! EASY GLASS VIEW CONSISTS OF LITTLE MORE THAN THE GLASS PROVIDING DESIGN, THE SLEEK, VERTICALLY INSTALLED PROFILES ALLOW YOU TO CREATE JULIET BALCONIES SPANNING UP TO 2.8 METRES.

A 3-IN-1 SOLUTION

Easy Glass View features an ingenious profile that can handle 3 different installation scenarios. The Juliet balcony can be attached to a façade, the door frame or the reveals. The system's click feature makes for speedy secure mounting of the glass infills.

PROVEN SAFETY

An Easy Glass View Juliet balcony provides essential fall protection in front of floor-to-ceiling windows at height. Thoroughly tested and certified, the system is suitable for private residences, apartment buildings and hotels.

MORE FEATURES

- Create Juliet balconies up to 2,800 mm wide and 1,100 mm high (tested)
- Work from inside the building when installing to reveals
- Available as sets with profiles and cover caps
- Can be powder coated to match the door frame or façade
- Prefix cutting of profiles on request
