## Key Features

304

Manufactured from 304 grade stainless steel.

316

Manufactured from 316 grade stainless steel.

Ø 42.4

To fit 42.4mm diameter stainless steel tube.

Ø 48.3

To fit 48.3mm diameter stainless steel.

Brushed 320 grit satin finish.

Requires high strength stainless steel adhesive.

This product requires **M8 x 20 Hex Socket Head Cap Screw**

## Care Instructions

We recommend you should treat your stainless steel balustrade on a regular basis to ensure long-lasting perfection. Using either WD-40 or a specialist chemical stainless steel cleaner to remove heavy dirt and rust stains. **Q-Ultra-Clean** rebuilds and strengthens the passive layer of stainless steel.

For fixing into tubular posts we recommend using a **high strength stainless steel adhesive**.

## Design

You can send us your drawings, technical drawings or even a freehand sketch.

From this we'll produce an accurate quotation for you. This service is completely free with no hassle or obligation.
