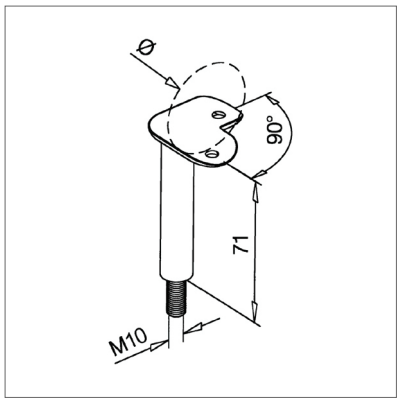
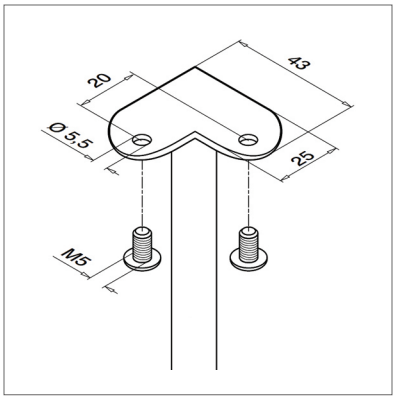
Modular Balustrade Handrail Pillar 90° - Tube





13.0810.942.12

Handrail pillar with M10 thread and a 90 degree curved support to accept either 42.4mm or 48.3mm diameter stainless steel or timber railng. Ideal for balustrade corners.

Perfect for use with our threaded post caps for mounting to tubular posts. Produced from 304 (interior) grade and 316 (exterior) grade stainless steel available with a superb brushed 320 grit satin finish.

Installation is quick and easy when used with a threaded post cap. To attach a stainless steel handrail we recommend using M5 x 16 hex head button cap screws.

Modular DIY Range

Our most comprehensive and popular range of balustrade components. Produced from high quality stainless steel ensuring your installation is of the highest quality and will stand the test of time.

Fits threaded post caps (available separately)

Key Features

- 304 — Manufactured from 304 grade stainless steel.
- 316 — Manufactured from 316 grade stainless steel.
- Ø 42.4 — To fit 42.4mm diameter stainless steel tube.
- Ø 48.3 — To fit 48.3mm diameter stainless steel tube.
- To a brushed 320 grit satin finish.
- Attach stainless steel handrail using two M5 x 16 hex head button cap screws.

Care Instructions

We recommend you should treat your stainless steel balustrade on a regular basis to ensure long-lasting perfection. Using either WD-40 or a specialist chemical stainless steel cleaner to remove heavy dirt and rust stains. **Q-Ultra-Clean** rebuilds and strengthens the passive layer of stainless steel.

Design

You can send us your drawings, technical drawings or even a freehand sketch.

From this we'll produce an accurate quotation for you. This service is completely free with no hassle or obligation.
