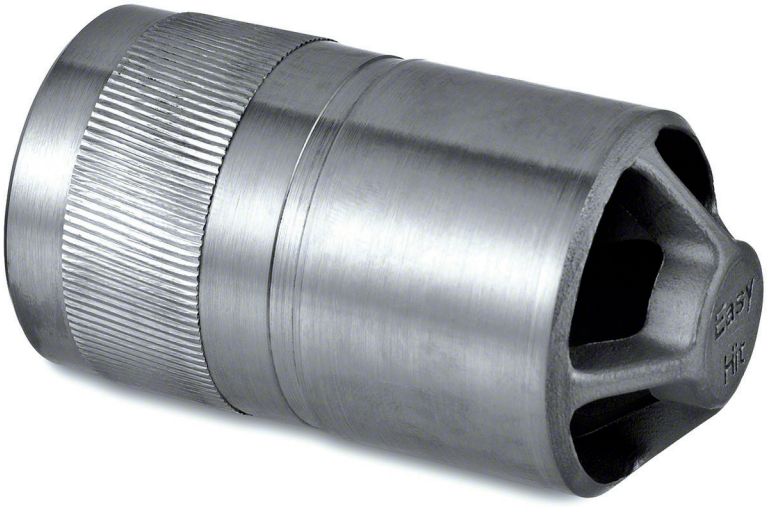
Ultra Balustrade In-line Tube Connector

18.5792.242.00



Ultra corrosion resistant stainless steel in-line connector to join straight sections of 42.4mm handrail and tube. Easy to install using a high strength fixative, manufactured to fit quickly and neatly. With very high tolerances and a wall thickness of 2mm this form of connection is incredibly strong.

Ultra Range

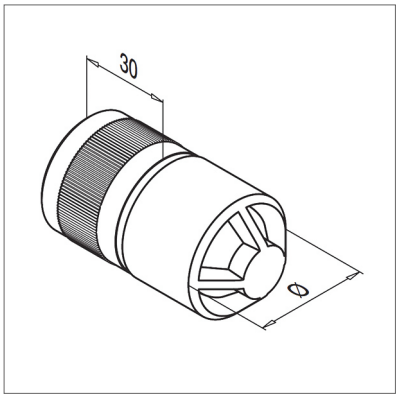
The Ultra range of products are perfect for installation in harsh environments such as swimming pools and coastal areas. This high quality corrosion resistant stainless steel range is produced with an extra resistance to tea-staining and pitting that isn't available anywhere else on the market.

Product Information

Grade: 2205 stainless steel

Tube Diameter: 42.4mm

Finished to a brushed satin



Key Features

- Manufactured from 2205 corrosion resistant stainless steel.
- To fit 42.4mm diameter stainless steel tube.
- For rapid installation, we recommend fixing with **high strength fixative**
- Recommended **easy hit hammer**
- Superb brushed satin finish.

Care Instructions

We recommend you should treat your Ultra balustrade stainless steel on a regular basis to ensure long-lasting perfection.

We recommend using either WD-40 or a similar product to wipe down your Ultra stainless steel or using a specialist chemical stainless steel cleaner to remove heavy dirt and rust stains.

Q-Ultra-Clean rebuilds and strengthens the passive layer of stainless steel.

Design

You can send us your drawings, technical drawings or even a freehand sketch.

From this we'll produce an accurate quotation for you. This service is completely free with no hassle or obligation.
